Speaking

Speaker: David Hanscom

Command the Future: AI Won't Replace You, But Someone Using It Might

This dynamic, high-energy keynote blends live demonstrations of today's most effective AI tools with compelling storytelling and actionable strategy. David doesn't just talk about AI; he brings it to life. Audiences leave with clarity, confidence, and immediately usable skills.

60–90 minutes (customizable to audience needs)

Key Takeaways

Attendees will leave with:

1. A clear understanding of how AI is reshaping their role and how to stay competitive
2. Field-tested prompt templates from David's personal toolkit, ready for immediate use
3. Tools for identifying where AI can create time and space for higher-value work
4. The language and confidence to lead AI conversations across any level of the organization
5. A mindset shift from passive awareness to proactive leadership
6. New insight into using personal experience as a unique advantage in AI-driven work
7. A personalized roadmap to move from AI literacy to AI fluency and strategic impact.
